About Me

I am a Software Engineer with over a year and a half of hands-on experience in the UAE, specializing in Frontend Web Development using Angular, React, and other modern frontend technologies. In my current role at Sara Digital Solutions L.L.C, I have been working to EV Gate, a project that provides solutions for electric vehicle charging systems in the UAE and globally. This role has allowed me to gain comprehensive expertise in business analysis, UI/UX design, frontend development, quality assurance, and project management, with active involvement in all these areas throughout the project.

Experience

Software Engineer

Sara Digital Solutions L.L.C | EV Gate.

📅 13 Nov 2023 - Present 📍 UAE / Abu Dhabi

At EV Gate Company, I have contributed to the development, management, and delivery of advanced software solutions for electric vehicle (EV) charging systems. My role spans various domains:

Planning & Business Analysis: Collaborated on business planning, requirement gathering, and scenario creation for the EV Gate software.

UI/UX Collaboration: Partnered with designers using Figma and Adobe Illustrator to translate business requirements into interactive and user-friendly designs.

Development Department: As a Frontend Developer specializing in Angular.

Quality Assurance (QA): Conducted manual and automation testing, documented bugs using Jira, and collaborated with developers for resolution. Leveraged automation tools like Cypress and Selenium to enhance testing efficiency.

Technical Support & Configuration: Configured EV chargers and integrated them with the EV Gate Software. Performed full testing scenarios on chargers and electric vehicles, enhancing knowledge in networking and device integration.

Client Presentations & Training: Delivered comprehensive presentations, comprehensive testing and hands-on training for the EV Gate software to high-profile clients across the UAE, Jordan, Saudi Arabia, and Palestine, showcasing its features through practical EV demonstrations.

Project Management: Managed the EV Gate project, coordinated with developers and designers, and ensured timely delivery.

Frontend Developer Intern

Foothill Technology Solutions, LLC.

📅 2 March 2023 - 23 July 2023 📍 Palestine / Nablus

Internship Contents: Git & GitHub, HTML, CSS, JavaScript, DOM, NodeJS, Unit Testing, Typescript, React, Routing.

Advanced JavaScript Trainee

Gaza Sky Geeks.

📅 15 April 2023 - 31 May 2023 📍 Online

Training Contents: ES6, OOP, Data types, Scoping, Objects, Arrays, Modules, Asynchronous programming, Sets, Classes, prototypes, Error handling, Files, HTTP requests, APIs.

Frontend Developer Intern

Knowledge Academy

📅 Oct 2021 - Mar 2022 📍 Online

Internship Contents: HTML, CSS, Bootstrap, JavaScript, jQuery, SASS and React.

Projects

EV Gate Website

- Tools: React, Bootstrap, Sass as a Frontend.
- Demo: www.evgate.com

Sara Engineering & Energy Website

- Tools: React, Bootstrap, Sass as a Frontend.
- Demo: www.saraeeng.com

Multi Store Application - Graduation Software project

- Tools: flutter as a frontend, Node JS, Mongo DB as a backend.
- GitHub: <https://github.com/MohammadHalaweh7/Graduation-Software-project>

Point Of Sale System (POS)

- Tools: React, Bootstrap, CSS, react router, redux toolkit, context.
- GitHub: <https://github.com/MohammadHalaweh7/POS-Project>
- Demo: <https://www.youtube.com/watch?v=tSWXLBASeol&t=178s>

You can see all my projects on [GitHub](#) or [YouTube](#).

Education

B.E in Computer Engineering

An-Najah University - Palestine 📅 2018 - 2023

Programming Skills

HTML, CSS, JavaScript, Typescript, Java, C&C++, Python and Dart.

Frameworks & Libraries

ReactJs, Angular, Bootstrap, jQuery, Flutter.

Languages

- Arabic
- English

Professional Activities

Represented EV Gate Project at the EV Auto Show 2024.

Riyadh, KSA / 17-19 Sep 2024.

Presented & Conducted Training on EV Gate Software for Abu Dhabi Government (ITC).

Abu Dhabi, UAE / 15-16 Jul 2024.

Presented EV Gate Software for Jordan Government.

Amman, Jordan / 2-6 Jun 2024.

Participated in the EVIS-2024, where we launched the EV Gate Project.

Abu Dhabi, UAE / 20-22 May 2024.

Participated in GITEX GLOBAL Largest Tech & Startup Show in the World.

Dubai, UAE / 16-20 October 2023.
